INVESTMENT STRATEGY AND OBJECTIVE

The ASG Prime Private Lending Fund focuses on global lending opportunities, providing direct financing to Real Estate projects across North America (Canada and United States).

The Fund's profile seeks to deliver investment returns designed to be uncorrelated to traditional financial market performance and volatility.

Commercial Banks have been reducing their loans to the Real Estate sector, due to internal constraints. This has resulted in a funding shortfall in the industry, which the ASG Fund is looking to exploit. Using Bridge financing, the ASG Fund will seek to optimize returns through high yields and minimize risk exposure through low LTVs (Loan-To-Value) on the properties selected for their lending facility.

Available to US & Non-US Accredited Investors only

DESCRIPTION

Fund's goal is to generate 6-8% annual yield to investors with the collateral of a real underlying asset: Real Estate.

Fund structure domiciled in the Grand Duchy of Luxembourg. Properties in key areas with sustainable valuations mitigating downside risk, with an appropriate LTV and warranties including personal liability and first or second rank mortgages signed by a Notary Signing Agent. Independent valuations and robust lending practices.
