

FUND STRATEGY

The ASG Prime Private Lending Fund focuses on global lending opportunities, providing direct financing to Real Estate projects across North America (Canada and United States).

The Fund's profile seeks to deliver investment returns designed to be uncorrelated to traditional financial market performance and volatility.

Commercial Banks have been reducing their loans to the Real Estate sector, due to internal constraints. This has resulted in a funding shortfall in the industry, which the ASG Fund is looking to exploit. Using Bridge financing, the ASG Fund will seek to optimize returns through high yields and minimize risk exposure through low LTVs (Loan-To-Value) on the properties selected for their lending facility.

This investment vehicle is available to Non-US accredited investors only.
